To: astone.shi@gmail.com

Dear Mr. Shi,

We are the ones assigned to the project Sharing Logistics Simulation in the course Software Engineering. We would like to arrange a meeting in order to get to know each other and specify the project requirements a bit more. Preferably face to face, but if that is not possible, a meeting via Skype would be fine as well.

It would be great if you have time next week already, so that we can start the project in time. Our preference would be on Monday or Friday, but any other day is fine, too.

Hope to hear from you soon.

Kind regards,

Lorenzo, Bjar, Antonin, Gheorghe and Lonneke

Yes, I believe so! We're meeting a few minutes before downstairs in the central hallway.
